February 11, 2020

ONETrack International certified 501(c)(3) by the IRS.

Resourceful orphan-care agency ONETrack International (OTI) has now received 501c3 status from the Internal Revenue Service (IRS). To meet the requirements, OTI demonstrated that it was organized and operated exclusively for charity and none of its earnings are received by any private shareholder or individual.

OTI's Executive Director, Shaun Bamforth says, "Now that ONETrack International has been approved by the IRS as a tax-exempt, charitable organization, we look forward to expanding our efforts as we work to solve the Global Orphan Crisis."

###

ONETrack International (OTI) is a volunteer driven 501c3 working to solve the Global Orphan Crisis through the education, training and support of the family preservation model called Transition to Home. OTI's innovative orphan-care program covers twelve critical components including International Laws, Women's Rights, and Monitoring & Evaluation. OTI works in developing countries and refugee communities with current projects in Cambodia, Cameroon, Greece, Honduras, Liberia, The Gambia, and Zimbabwe.
